REQUEST HISTORY

Type	Update Date	Comments	Status	Crew/Assigned To	Updated By
Initial	3/23/2022 1:30 PM EDT	Paint/plaster peeling from moisture on ceiling in landing area between 2nd and 3rd floor by rooms 301 and 220. I listed this as a priority 1 because there is a tiny bit that came off the ceiling and there is a layer of lead paint on our ceilings. We've had to mitigate lead paint clean up before. Please come right away to test and ensure we are not dealing with that in this case!	Open	zz Customer Service,	Amara Toure
